

Classroom Discipline:

Buckeye Central Elementary has implemented a state mandated behavior system called PBIS (positive behavioral intervention & supports). Students will have an opportunity to earn tickets for positive behavior throughout the school. If a student does not follow the rules he/she will receive a warning. Additional misbehavior(s) will result in a parent contact, and/or office referral. Students have the opportunity to earn tickets at any point during the day when positive behavior is witnessed. At the end of the day, their behavior will be recorded by counting up their tickets towards a monthly reward. We also total points as a class in working for a class reward!
